If you like to excite your self
by looking at these pictures I'll
say go right ahead and do so you
have my regards I'll see you
in the Bison of 1956 I hope if
nothing happens before then to keep
me from making it In god I trust
to help me make it through and I
most certainly is going to help myself
at lest I'll do my best and also I won't
work myself to death, like what I write
I had rather be what I am
Thank you dear God,

Dedication

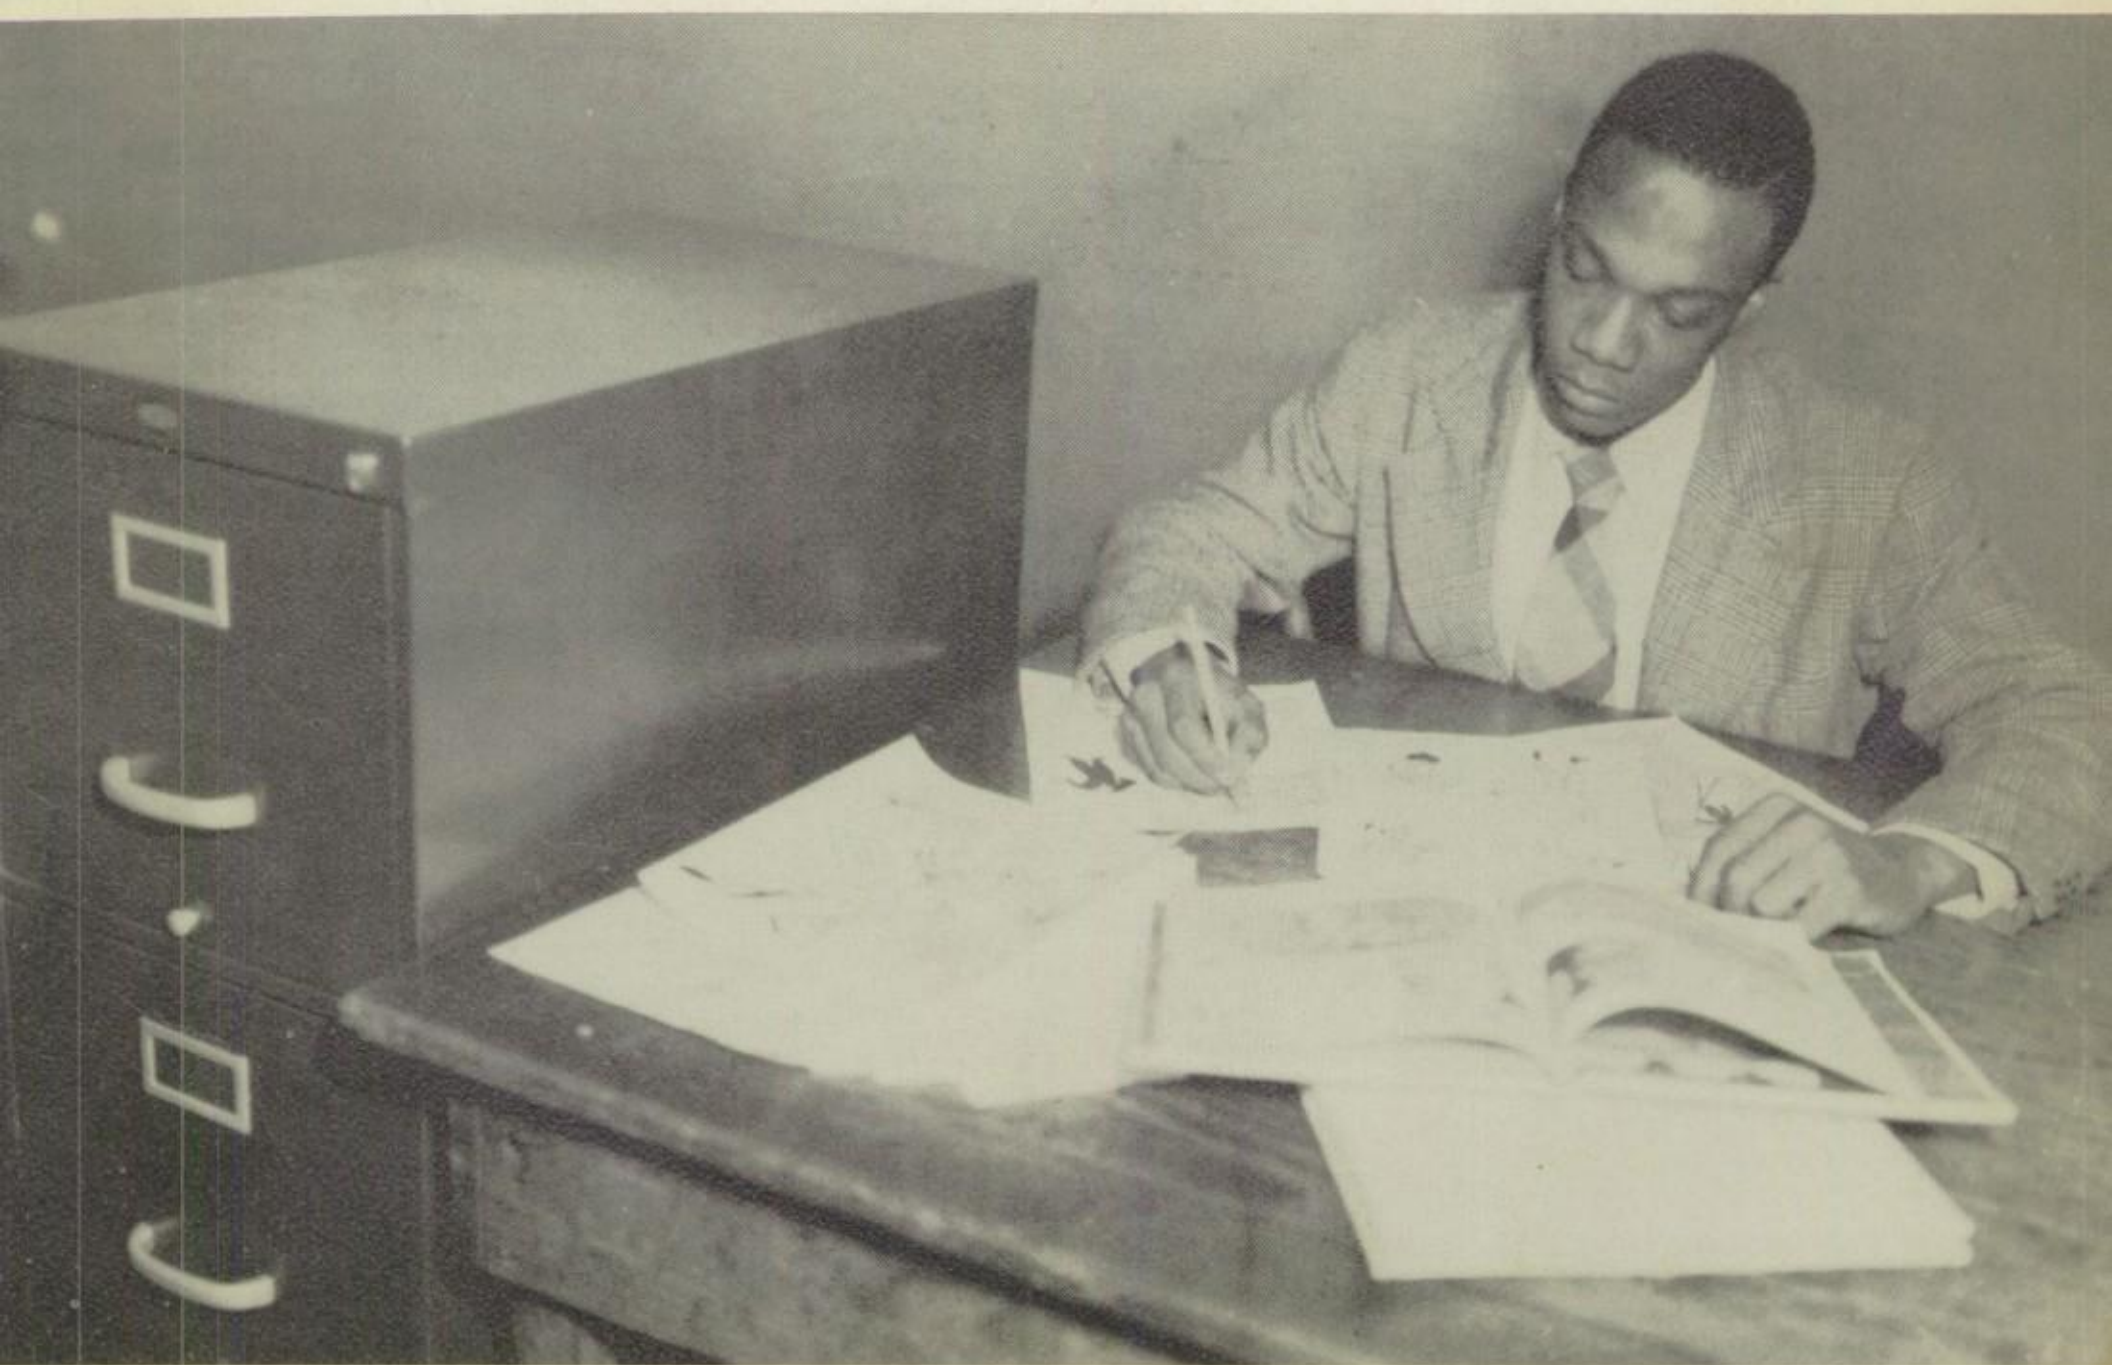

This edition of the BISON has been dedicated to Mr. William Bennett Johnson, as a small measure of recognition for the great work to which he has dedicated his life. We feel that we have all benefited greatly as a result of Mr. Johnson's untiring devotion to this school's progress and improvement. It is this type of devotion to duty that we magnify and esteem as symbolic of the tradition which has characterized Parker over a period of fifty-two years.

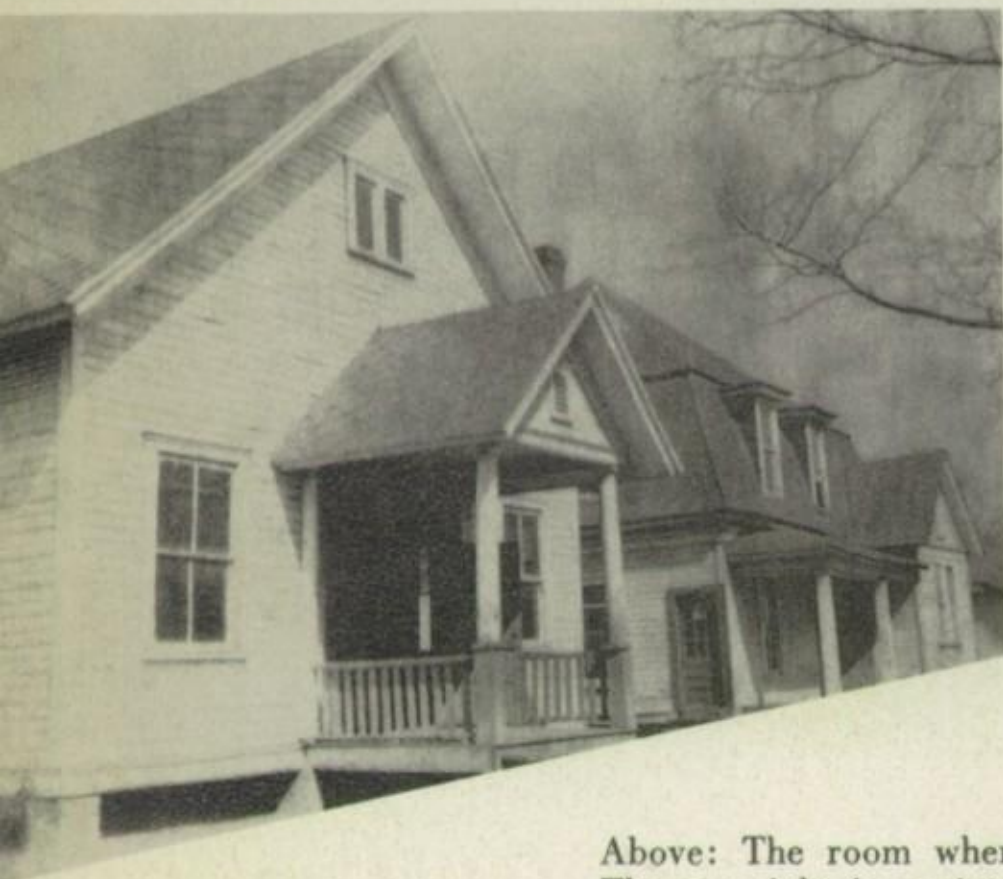

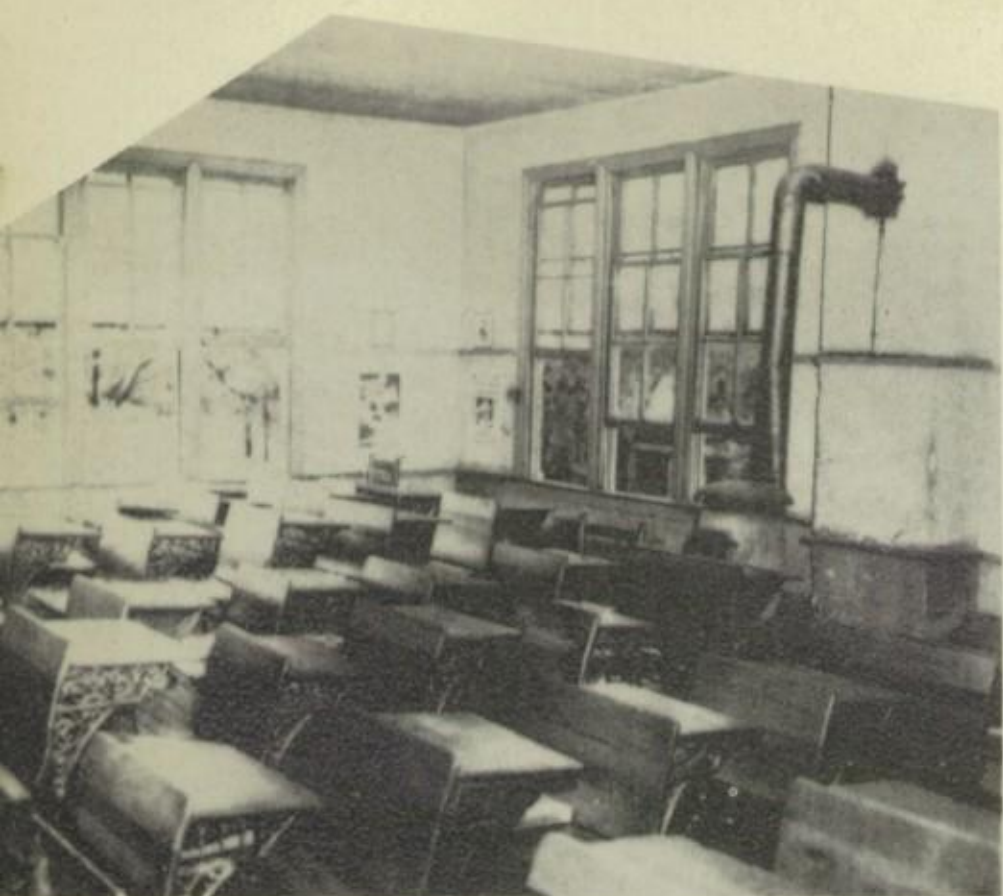

This dedication is made in recognition of what we choose to call high ideals, which we uphold and cherish. We sincerely hope that high ideals will continue to be characteristic of Parker's students and graduates wherever they may be found taking their places in life.

PRINCIPAL'S OFFICE STAFF

Principal's Message

Dear Students:

Parker High School is symbolic of friendliness, cooperation, high scholastic standards, efficient student government and many other worthwhile attainments. It has been built around standards set for you by those who have gone before and by you for those who come after.

Through associations with your school mates and Teachers, I hope you have become aware of the importance of loyalty and cooperation. You should remember to be successful in lasting friendships and in making life's adjustments; you must have these and other desirable character traits.

The age in which we live is one of speed and acceleration. You are fortunate in that you have health, happiness, ambition, aspiration and opportunity. Some have used the opportunities offered through the school for self-betterment, others have yet to awaken to their full potentialities. But all of you with the assets you possess should seek further prosperity and security, using to the greatest extent possible your talents to be better citizens—physically, mentally, socially and spiritually.

Respectfully yours,

R. C. Johnson

R. C. JOHNSON, *Principal*

DIRECTOR'S MESSAGE

The creation of this Annual involved much hard work. I heartily commend everyone who had anything to do with making it possible. This publication, I am sure, will promote good public relations, provide a pictorial record of the school's activities and preserve ones memories of his school days.

My message to students, which I was asked to write, is simply this: The people of Birmingham believe in education. They have invested much money in your education. Let your life and work today and in the years to come be positive proof that investment in the education of youth is the wisest and best investment that any city can make. As you daily live and work in this direction I bid you God's speed.

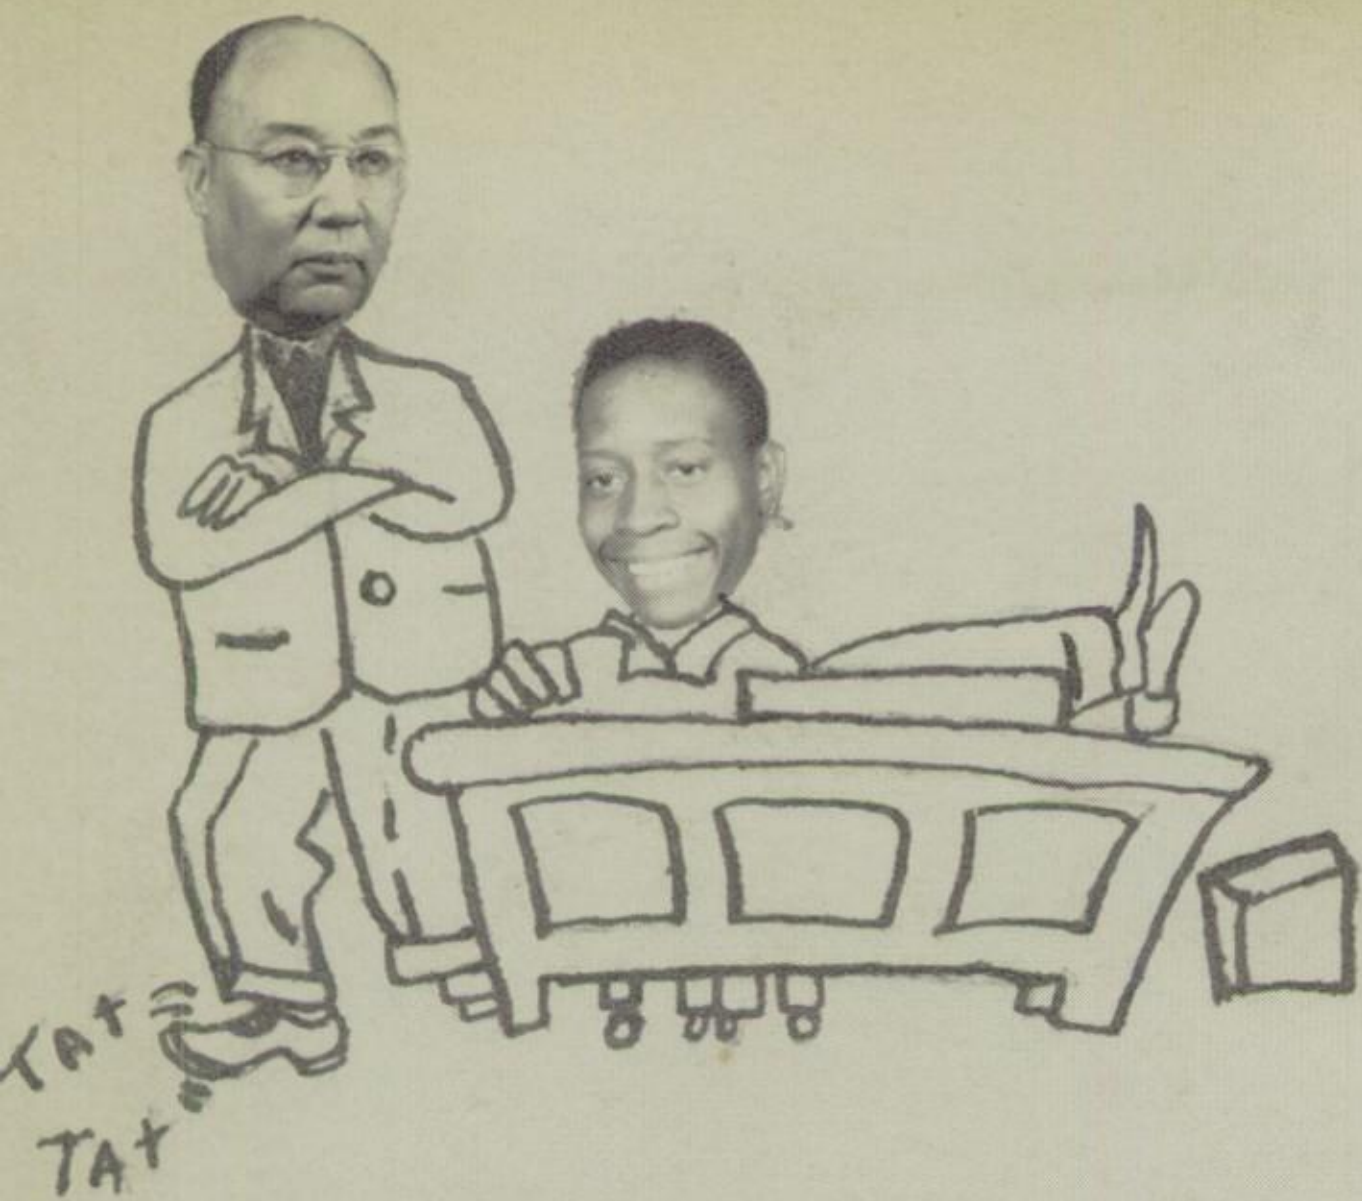

Sincerely yours,

C. W. HAYES
Director of Negro Schools

FOOTBALL

Although hurt by graduation, coach Major Brown and his associates, Messrs. Edward Jenkins and Carlton Wells, made a powerful team out of a squad of Freshmen and a few holdovers from the last year's team. The Herd roared victorious through nine opponents and only lost to David T. Howard High of Atlanta, Georgia. This loss came early in the season after two victories. This defeat, however, did not hurt the players morale because the following week they went on to beat back the strong running attack of Carver High of Gasden, Alabama. On returning home they continued the winning streak and defeated Booker T. Washington of Montgomery, Alabama, Dunbar High of Bessemer, Alabama, Central High of Louisville, Ky., Decatur High of Decatur, Ala. And then came the game of the year with our cross town rivals, Ullman High. The Herd succeeded in trouncing Ullman by a score of 34 to 6.

Because of Parker's outstanding record all season, the team was selected to play in the annual Health Bowl Game and defeated Wenonah.

The following is the record of the Thundering Herd for the 1951 Football season.

A stylized illustration of a spool of thread with a needle and a tangled thread, set against a background of jagged, dark shapes. The spool is depicted with horizontal lines representing the thread on it. A needle is shown passing through the thread, and a long, tangled strand of thread extends from the spool. The background features dark, jagged, mountain-like shapes against a lighter, textured surface.

BEAUTY CULTURE CLASS

In the beauty culture class students are taught to give manicures, to shampoo, press and style the hair, and to give facials. In the picture these activities are shown.

TYPING CLASS

This picture shows part of a typing class. There are thirty Royal, Remington, Underwood and L. C. Smith typewriters in the classroom, along with an electric mimeograph machine, standard duplicator, file cabinet and mimeoscope.

Many graduates are serving as Registrars at various schools, typing in offices at different colleges to assist with financial expenses, while others are typing on civil service jobs throughout the country.

A ship lost at sea for many days

Certainly spotted a friendly vessel from the mast of the unfortunate vessel was seen a signal "Water water we die of thirst" the answer from the friendly vessel at once came back cast down your bucket where you are. A second time the signal for water send us water and again was answered cast down your bucket where you are. A third and fourth signal for water was answered cast down your bucket you are. The Captain at last heeding the injunction cast down his bucket and it came up full of fresh sparkling water from the mouth of the Amazon river. To those of my race who depend on bettering your conditions in a foreign land or who underestimate the importance of cultivating friendly relations with the southern white man who is thy next door neighbor I'll say to you cast down your bucket where you are. Cast it down in making friends in every manly way to people of all races by whom we are surrounded. Cast it down in agriculture, mechanic, Commercial and domestic services and in the profession and in connection what ever sins the south maybe called to bear

it is in the same a negro as given a
more chance and is nothing more elegant
than emphasizing this chance.

Quotations

I had rather be what I am a member
of the negro race than be able to choose
membership with the most favorite of
any other race.

Merit

No matter under what skin is
in the long run recognized and
rewarded

I have learned that success is to be
measured not so much by the position one
has reached in life as by the obstacle which
he has over come while trying to succeed
